**Every day you succeed in not drinking heavily is a gift to your mind and body.
You can do this!**

Get to 0 Heavy Drinking Days (less than 4 drinks/day)

Hi, Dr. Brainy here, nice to see you again

Did you answer last day's question in your diary
and practiced positivity?

Yes

Good job!
You are helping
yourself to recover

No

Help us help you.
Completing those can
promote your recovery

Knowledge is power

What happens to your body when you Stop drinking alcohol

- Improvement or reversal of most of the cognitive damage, including memory, planning, organization, behavior control, and reaction time.
- Lower blood pressure
- Maintaining a healthier body weight

Knowledge is power

What happens to your body when you Stop drinking alcohol

- Potential regeneration of damaged liver cells
- Reduction in insulin resistance
- A lowered risk of cancer with each year of sobriety

Shape your mind

Embrace these statements

(even if you don't believe them right now)

- I'm committed to change
- I'm exercising
- I'm positive
- I'm accepting help
- I say NO to alcohol

Try to repeat those to yourself when you can – preferably outloud

Get to 0 Heavy Drinking Days (less than 4 drinks/day)

Food for thought

Please answer this in your diary before the next treatment day:

Make a plan how to say no in situations where alcohol is present and you are offered a drink
